PINK PEACE (Pat. No. 1750) Hybrid Tea

Deep dusty pink of terrific size and of greater free-blooming quality than Peace. The huge, luminous, fragrant blooms are borne one to a long sturdy stem opening from shapely fat buds to very double, very full cupped flowers of from 60 to 65 petals.

**FIRE KING
(Pat. No. 1758)
Floribunda**

By Francis Meilland. Its brilliant vermilion flowers of 45 to 50 petals are perfectly formed and are from 2 to 3 in. across. In bud it is deep red and the brighter open flowers form heavy clusters of dramatic color at any point in the garden. A strong grower with ample dark green foliage giving the plant a well rounded, compact appearance.

GARDEN PARTY (Pat. App. for) Hybrid Tea

Its cream and ivory petals are delicately tinted with soft pink. The giant fully double blooms often measure as much as seven inches across, supported on long, sturdy stems. The bud is long and well shaped. Plants are vigorous, free branching and produce a continuous succession of large pastel-tinted flowers, each one a perfect specimen.

ROSES for 1960

**STARFIRE
(Pat. No. 1742)
Grandiflora**

Non-fading currant red, with unique luminous texture and depth to each velvety petal. Starfire blooms freely, singly on long stems or in clusters, and with a background of glossy bronzy-green, holly-like foliage. Is ideally suited for cut flower use.

SUNLIGHT (Pat. No. 1576) Hybrid Tea

Buds fine pointed opening to a most strikingly beautiful and shapely flower of purest yellow. The foliage is large and attractive on erect, well balanced plants.

**SARABANDE
(Pat. No. 1960)
Floribunda**

By Francis Meilland. A beautiful unique scarlet-orange, larger than most floribundas. It is low growing and compact, making it particularly suitable for hedges and border planting. Blooms are produced freely and continuously.

LAVENDER GIRL (Pat. No. 1672) Floribunda

The beautifully formed urn shaped buds have a ruby red tinge changing to rosy lavender with magenta edged petals. The fully opened soft lavender flowers hold their colors well. Plants are low growing and foliage is disease resistant.

CHRISTENSEN NURSERY CO.

935 Old County Road • LYtell 3-7893

BELMONT, CALIFORNIA

We are pleased to present our selection of Roses for 1960. Use this folder for a handy order blank. Check roses desired and drop off or mail to the nursery. Please order early. Many varieties are in short supply.
